

1050 Aluminum Sheet

1050 Aluminum Sheet, Aluminum Sheet Metal Description:

1050 aluminum sheet contains more than 99.5% aluminum, which is one of the industrial pure aluminum. 1050 aluminum sheet has the characteristics of high plasticity, corrosion resistance, good electrical and thermal conductivity, but low strength.

1050 aluminum sheet is often used in daily necessities, lighting fixtures, reflectors, decorations, chemical industry containers, heat sinks, signs, electronics, lamps, nameplates, electrical appliances, stamping parts and other products. In some occasions that require high corrosion resistance and formability, but not high requirements for strength, chemical equipment is its typical application.

Strength of Mingtai Aluminum Production 1050 Aluminum Sheet

1. 1050 aluminum sheet has good forming and processing characteristics, high corrosion resistance, good electrical conductivity and thermal conductivity;
2. Long service life, low cost, and high recycling value;
3. The processing technology of 1050 aluminum sheet is mature, and the price has a great advantage compared with other series of alloy aluminum plates;
4. It has 6 semi-continuous casting production lines, 10 continuous casting and rolling production lines, and 44 other large-scale processing equipment.
5. The product specifications are complete, and can be customized on demand, and the delivery time is 2-25 days.
6. Monthly output can be up to 6000 tons.

Technical Parameter of Mingtai Al. 1050 Aluminum Sheet

Alloy	1050
Temper	O,H12,H14,H16,H18,H19,H22,H24 , H26,H28, H112
Thickness (mm)	0.1-500
Width (mm)	20-2650
Length (mm)	500-16000

Countries we have exported our products to:

Aluminium 1050 Sheet Exporters:				
Vietnam	The UK	Indonesia	Tunisia	Poland
South Korea	Kuwait	Germany	Italy	Ireland
Netherlands	Serbia	Brazil	Sweden	Pakistan

包装:

Aluminum products of Mingtai Aluminum meet the export popular

Plastic movie and brown paper can be protected at customers' need. Also timber case or timber

pallet is adopted to shield products from harm for the duration of the delivery.

There are styles of packaging, which is eye to wall or eye to sky. Customers can choose either of them for their convenience.
