

1060 Aluminum Sheet

1060 Aluminum Sheet h14 Aluminum Sheet Metal Description:

Mingtai Aluminum focuses on the R&D and production of hot-rolled 1060 aluminum sheets. 1060 aluminum sheets have high elongation, tensile strength, excellent electrical conductivity, and high formability, and can meet conventional processing requirements (stamping, stretching). Mingtai Aluminum's ultra-wide and ultra-thick 1060 aluminum plate can eliminate internal stress and cut without deformation. The width can reach 2650mm and the thickness can reach 500mm. It is a rare domestic manufacturer that can produce ultra-wide and ultra-thick aluminum plates.

Strength of Mingtai Aluminum Production 1060 Aluminum Sheet

1. 1060 alloy aluminum plate has good forming processing characteristics, high corrosion resistance, good weldability and electrical conductivity.
2. The technology is mature, and the price of 1060 aluminum sheet has a huge advantage compared with other high-grade alloy aluminum sheets;
3. Possess an internationally advanced "1+4" hot rolling production line with an ultra-high production capacity of 450,000 tons;
4. The product has a flat shape, precise geometric dimensions, high surface gloss, and good alkali cleaning effect, which can reach A-level in the water brushing test
5. Mingtai 1060 aluminum alloy plate supports customization, and there are patterned aluminum plate, embossed aluminum plate, and non-slip aluminum plate for your choice.

Technical Parameter of Henan Mingtai 1060 Aluminum Sheet

Alloy	1060
Temper	O,H12,H14,H16,H18,H19,H22,H24 , H26,H28, H112
Thickness (mm)	0.1-500
Width (mm)	20-2650
Length (mm)	500-16000

Countries we have exported our products to:

Aluminium 1060 Sheet Exporters:				
Nepal	Turkeu	Italy	Alregia	India
South Korea	France	UAE	Poland	Pakistan

Aluminum products of Mingtai Aluminum meet the export popular

- 1) Standard seaworthy export packaging. Wooden pallets with plastics protection for the coil and sheet.
 - 2) The packaging can be eye to sky or eye to wall based on the customer's requirement
 - 3) 16-20 MT can be located into 20FCL, the sea freight rate is much cheaper than 40FCL.
- Delivery Time: 15-35 days after receiving LC or deposit 30%
