

2A11 Aluminum Sheet

2A11 Aluminum Sheet- Mingtai Aluminum Sheet Manufacturer

2A11 Aluminum Sheet is the earliest hard aluminum. Commonly known as standard hard aluminum, it has medium strength. The 2A11 aluminum sheet has good plasticity in the state of annealing, rigid quenching and heat treatment. It can be strengthened by heat treatment. It has good spot weldability under the state of quenching and natural aging.

Strength of Mingtai Aluminum Production 2A11 Aluminum Sheet

1. Mingtai Aluminum put into operation the "1+1" ultra-wide and ultra-thick aluminum plate production line to make sure the 2A11 aluminum produced with good mechanical properties, high strength, easy processing, and good performance.
2. professional China manufacturer's annual output can be up to 140,000tons
3. Our quality assurance department incorporates technical expertise, knowledge of industrial standards, and the latest testing equipment and devices to meet all requirements in order to ensure that the supply made to our clients meets exact specifications.

Technical Parameter of Mingtai 2A11 Aluminum Sheet

Alloy	2A11
Temper	F、 O、 T3、 T4、 T6、 T73、 T351、 H112
Thickness (mm)	0.3-600
Width (mm)	500-2650
Length (mm)	500-16000

Countries we have exported our products to:

Aluminium 2A11 Sheet Exporters:				
Mexico	Canada	Venezuela	United Kingdom	Australia
Saudi Arabia	Oman	Kuwait	Netherlands	Saudi Arabia
France	Italy	South Korea	Poland	Belgium

Packing and Transportation

1. cases packed in wooden cases
 2. paper packaging
 3. plastic packing
 4. foam packaging
- Packaging according to customer requirements or products
