

2A12 Aluminum Sheet

2A12 Aluminum Sheet, Plate Sheet Aluminum Alloy:

Mingtai Aluminum is a large-scale 2A12 aluminum plate manufacturer, a listed company. 2A12 aluminum plate is one of the superior products of Mingtai Aluminum. The alloy processing technology far exceeds the national standard, and Mingtai provides the original factory warranty.

Strength of Mingtai Aluminum Production 2A12 Aluminum Sheet

1. Mingtai adopts advanced "1+4" production line and "1+1" production line and other production equipment to ensure product quality and market competitiveness;
2. No oil spots, no waves, no scratches, no roll marks on the surface of the aluminum plate, neat trimmed edges, and no burrs;
3. It has the advantages of low density, high strength, good processing performance, etc., and has good heat resistance;
4. 2A12 aluminum plate has high strength and certain heat resistance, and can be used as working parts below 150°C;
5. Annual Output 140,000 tons;

Technical Parameter of Mingtai 2A12 Aluminum Sheet

Alloy	2A12
Temper	F、O、T3、T4、T6、T73、T351、H112
Thickness (mm)	0.1-600
Width (mm)	500-2650
Length (mm)	500-16000

Countries we have exported our products to:

Aluminium 2A12 Sheet Exporters:				
Saudi Arabia	Oman	Kuwait	Netherlands	United States
Bahrain	Qatar	UAE	Africa	China
Singapore	Sri Lanka	Australia	Brazil	Germany

Aluminum products of Mingtai 2A12 Aluminum meet the export popular

1. Carry out paper clipping or film coating on the aluminum plate to ensure that the surface of the aluminum plate is intact without scratches;
2. Plastic or kraft paper wrapping is used to prevent moisture and rain to ensure that the aluminum plate is clean and free of dirt during transportation (each package has a moisture-proof desiccant to ensure the quality of our products in the rainy East and South China regions);
3. Install wooden pallets and reinforce them with steel belts to avoid collisions during transportation and ensure that the geometric shape of the aluminum plates remains unchanged;
4. Export products are packed in wooden boxes and brackets with fumigation marks;
5. Pack according to other packaging requirements of customers;.
