

## 6060 Aluminum Sheet

### 6060 Aluminum Alloy Sheet for Industry Usage

6060 aluminum sheet is an alloy in the forged aluminum-magnesium-silicon series (6000 or 6xxx series). It is similar to the 6063 aluminum sheet and the 6061 aluminum sheet, but the relationship with 6063 is much closer than that with 6061. The main difference between 6060 and 6063 is that the magnesium content of 6063 is slightly higher. It can be formed by extrusion, forging or rolling, but it is not used for casting as a forged alloy. It cannot be work-hardened but is usually heat-treated to produce a higher strength but less ductile temper.

With two decades of aluminum sheet production experience, Mingtai Al. can produce and supply high-quality 6060 aluminum sheets of different sizes and tempers.

### Strength of Mingtai Aluminum Production 6060 Aluminum Sheet

1. 200 Tons/Month output, high production capability will shorten your wait time.
2. Mingtai Aluminum has a large and regular factory area, a listed company with strong strength, rich production experience, stable and reliable product performance, scientific production scheduling
3. Inventory and Delivery. We have enough products in stock, we can offer enough material to customers. The lead time can be within 7 days for stock material.
4. Quality. All of the products are from the biggest manufacturer, so we can offer the MTC to you. And we can also offer a Third-Party test report.

### Technical Parameter of Mingtai 6060 Aluminum Sheet

Alloy	6060
Temper	F, O, T4, T6, T651, H112
Thickness (mm)	0.3-500; customizable
Width (mm)	20-2650, customizable
Length (mm)	500-16000, customizable

### Countries we have exported our products to:

For more than 20+ years, Henan Mingtai Aluminum has been supplying high-quality 6060 aluminum sheets. Because of this, it has become one of the leading 6060 aluminum sheet manufacturers in China. Our aluminum sheets 6060 are welcomed in the market:

Aluminium 6060 Sheet Exporters:				
Saudi Arabia	Oman	Kuwait	Netherlands	Pakistan
Bahrain	Qatar	UAE	Africa	China
Nigeria	Mexico	Canada	Venezuela	United Kingdom
United States	South Africa	Malaysia	Bangladesh	Turkey
Singapore	Sri Lanka	Australia	Brazil	Germany
France	Italy	South Korea	Poland	Belgium

### Packing Detail of 6060 Aluminum Sheet

Our products are packed and labeled according to the regulations and customer's requests. Great care is taken to avoid any damage which might be caused during storage or transportation. The

standard export packaging, plastic film or craft paper covered. wooden case or wooden pallet is adopted to protect products from damage during the delivery. Also, clear labels are tagged on the outside of the packages for easy identification of the product I. D. and quality information.
